

Iulia Lidia (Ionita) BLEOANCA

- Team member in
Research Projects
1. *Innovative Conservation Techniques and Probiotic Bacteria Usage with High Biotechnological Performances for Improving Food Safety*, Partnership Project, 2007 – 2009
 2. *Researches upon Developing a Food Industry System for Improving Food Safety*, Partnership Project, 2007 – 2010
 3. *Umami, the Fifth Base Taste and New Sources for Balancing the Taste and Aroma. Applying Artificial Intelligence for Automated Recognition of the Characteristic Compounds*, Ideas Projects, 2007 – 2009
 4. *Integrated Research and Formation for Biotechnology Applied in Food Industry – BIOALIMENT*, CNCSIS, 2006 – 2008 www.bioaliment.ugal.ro
 5. *BIOTRACER – Contract No. 036272, FP7 Project, Improved bio traceability of unintended microorganisms and their substances in food and feed chains* <http://www.biotracer.org>
 6. *Promoting Research in European and International Regarding the Possible Use of Psychrophiles in Bioremediation*, CEEEX, no. 833 A, 2006 – 2008
 7. *Improving the Qualitative Indicators for Biological Treatment of Used Waters in Food Industry Using Advanced Systems* CEEEX- MENER 717/ 2006, 2006 – 2008
 8. *Developing the Laboratory Infrastructure for Evaluating and Certifying Food Safety*, CEEEX- RENAR 3793/2006 (RENAR 167/2006), 2006 – 2007 www.biaa.ugal.ro
 9. *Risk Evaluation of Milk Processing In the Frame of Quality Systems Implementation*, AGRAL 5484/ 2004, 2004 – 2006
 10. *Biotechnologies for Functional Dairy Products with High Antioxidant Activity*, BIOTECH, 4729/ 2004, 2004 – 2006
 11. *Improving Food Preservation and Security Through Combined Methods of Packaging and Antimicrobial Treatment for Poultry Meat*, AGRAL 108/ 2003, 2003 – 2005
